CAREER OBJECTIVE

Motivated B.Tech CSE (AI & ML) student with hands-on experience in Java, Spring Boot and PostgreSQL, and projects like XansaStay and PlacementXpert. I have completed several AICTE-EduSkills virtual internships, am a Google Student Ambassador for 2026, and won the Best Presenter award, which reflects my communication skills. Seeking an entry-level role where I can apply my technical and communication skills, learn from industry professionals and grow with the organization.

EDUCATION

- **BTIRT, Sagar** — 2023 – 2027 (Pursuing)
  B.Tech in Computer Science Engineering (AI & ML) | CGPA: 6.5
- **Class XII – 69%** — MP Board, 2023
- **Class X – 70%** — MP Board, 2021

TECHNICAL SKILLS

Languages: Java, C, C++, JavaScript
Backend & Database: Spring Boot, Spring Security, Spring Data JPA, REST APIs, PostgreSQL
Frontend: HTML, CSS, Thymeleaf, Bootstrap
Tools & Deployment: Git, GitHub, IntelliJ IDEA, VS Code, Gradle, Render, MS Office (PowerPoint, Word)
Soft Skills: Communication, Presentation, Team Coordination

PROJECTS

XansaStay – Hotel Management System - Java | Spring Boot | Thymeleaf | PostgreSQL

- Developed a full-stack hotel booking platform using Spring Boot, Thymeleaf, and PostgreSQL.
- Implemented room browsing, availability search, booking, favourites, and Razorpay payment integration.
- Built an admin dashboard to manage rooms, bookings, guests, checkouts, reviews, and discount coupons.
- Designed the database schema and implemented multi-image upload, room status tracking, and REST-based backend services.

PlacementXpert – College Placement Management System (In Progress) - Java | Spring Boot | Spring Security | Thymeleaf

- Implementing role-based auth for students, companies and admins with Spring Security and OAuth2 login.
- Implemented company-side job posting (full CRUD) and an admin dashboard for students and companies.
- Added an AI chatbot module using the Groq API.

CERTIFICATIONS

Virtual Internships & Certifications (AICTE – EduSkills)

- Artificial Intelligence & ML Internship
- Java Full Stack Development Internship
- RPA – Business Analyst Associate (UiPath)
- Cloud Virtual Internship (AWS Academy)
- Zero Trust Cloud Security & Networking (Zscaler)
- Ethical Hacking Internship

ACHIEVEMENTS

- Google Student Ambassador (Gemini AI Program) – 2026 | Representing Google Gemini AI at BTIRT
- Volunteer – Bundelkhand Hackathon 2024
- Best Presenter – Soft Skills Development Program (BTIRT)
